

## *Moving to Switzerland* Made easy

For anyone thinking about moving in with the Swiss,  
Barzilay Services can help in all areas of life.

Barzilay Services facilitates the transfer of foreigners to Switzerland, and in particular to the Swiss Riviera. We help define where it is most appropriate for the person to live, according to their needs, work and hobbies. We then provide a tour of the region chosen and schedule a visit of several carefully selected properties. We further assist the client in all aspects of the financial transaction and in the moving and settling in process itself.

Finding housing to rent in Geneva or Lausanne is rather difficult. These last years very few properties have been built and the vacancy rate is extremely low, except in the very high price range. Therefore having professional help is no luxury. Our services start as soon as the person or his/her employer contacts us and finish only two months after the client is happily settled. We provide help for finding appropriate schools for children, converting your driving licence and recommend doctors who speak your language, for example. As such, Barzilay Services is more than a standard "relocation" firm.

Living in Switzerland always attracted many foreigners, even before the financial crises. Switzerland's reputation for tranquillity, security, political stability and attractive fiscal policies is no secret. But not only the very wealthy enjoy living in Switzerland, many people find it unique in terms of quality of life, fantastic landscapes and infrastructures. Being such a small country it

is surprising how much it has to offer in terms of culture (opera, ballet, concerts, museums), sports (riding, skiing, sailing, golfing, mountain climbing, etc...) and a fantastic array of very good schools. Furthermore, the proximity of an international airport, such as Geneva's airport is an advantage for business people.

Other services we provide are:

- The evaluation and disposal of art and other valuables, such as in case of death.
- Establishing a business or setting an office in Geneva with the help of specific consultants and attorneys.
- Event organisation, professional or private parties, art exhibitions and fairs.

So don't hesitate to contact us. Our small structure allows us to be flexible in time and price. Our international background allows us to understand the difficulties you may face.
